"Exploring Systemic Oppression in U.S. Education Through a Personal Lens"

- By Deborah Brill and Camille Fisher

How was your experience as a student impacted by the different facets of your identity? How does this fit into the bigger picture of the US education system? In this workshop we will provide participants with a framework to understand how identity connects to the larger topic of systemic oppression in the U.S. education system, Through our interactive approach, we will set you up for opening up this discussion with your children.
